

## STOP "ETHNIC CLEANSING" STOP EVICTIONS

Dear Sylvia,

John Prescott turning down the WOODSIDE Planning Appeal and on top of that the Government saying it is "getting tough" on Travellers - we have to do something to fight back!

By protesting over evictions, we can make sure the TRAVELLER LAW REFORM BILL gets proper attention.

We did it for the Caravan Sites Act. Let's tell them again WE WILL NOT BE MOVED.

Thanks for offering to help with the RED ALERT "Cascade", which will be a way of letting people know when Mid Beds Council try to "clear" WOODSIDE caravan park.

About 100 people are now on the list, half of whom will go to Woodside to protest and the rest will phone or email a protest to Mid Beds Council and John Prescott.

Cliff Codona, who started the National Travellers Action Group, says he will fight to stop the council. They have barricaded the site. He is in touch with people at Bucklington (Nuneaton) and Payns Lane (Epping) who say they will make a stand too.

On a separate sheet, I have listed the phone numbers for you to call when the RED ALERT goes out.

You probably have people you know who would also be willing to join.

Meanwhile, can you please call those with a red star against them and let them know what they can do (they are supporters but don't yet have the details).

Then let us know if they will come to Woodside, or just phone/email'. And let us know about anybody else who has agrees to join in.

IF WE CAN GET A 100 PEOPLE TO GO TO WOODSIDE, WE CAN STOP THE COUNCIL (and we have half that number already, and plenty of time until 1 November to get better organized).

All the best
